Safeguarding Children and Young People
Code of Conduct
St Patrick’s School Camperdown
July 2016

Central to the mission of St Patrick’s is an unequivocal commitment to fostering the dignity, self-esteem and integrity of children and young people and providing them with a safe, supportive and enriching environment to develop spiritually, physically, intellectually, emotionally and socially.

Purpose
This Code of Conduct has a specific focus on safeguarding children and young people at St Patrick’s School against sexual, physical, psychological and emotional abuse or neglect. It is intended to complement other professional and/or occupational codes.

All staff, volunteers, contractors, clergy and board/school council members at St Patrick’s School are expected to actively contribute to a school culture that respects the dignity of its members and affirms the Gospel values of love, care for others, compassion and justice. They are required to observe child safe principles and expectations for appropriate behaviour towards and in the company of children, as noted below.

Acceptable behaviours
All staff, volunteers, contractors, clergy and board/school council members are responsible for supporting the safety of children by:

• adhering to the school’s child-safe policy and upholding the school’s statement of commitment to child safety at all times
• taking all reasonable steps to protect children from abuse
• treating everyone in the school community with respect (modelling positive and respectful relationships and acting in a manner that sustains a safe, educational and pastoral environment)
• listening and responding to the views and concerns of children, particularly if they are telling you that they or another child have been abused or that they are worried about their safety/the safety of another child
• promoting the cultural safety, participation and empowerment of Aboriginal and Torres Strait Islander children (for example, by never questioning an Aboriginal and Torres Strait Islander child’s self-identification)
• promoting the cultural safety, participation and empowerment of children with culturally and/or linguistically diverse backgrounds (for example, by having a zero tolerance policy towards discrimination)
• promoting the safety, participation and empowerment of children with a disability (for example, during personal care activities)
• ensuring as far as practicable that adults are not alone with a child
• reporting any allegations of child abuse to the school’s leadership or child safety officer; Mrs. Ann Maree Judd
• understanding and complying with all reporting obligations as they relate to mandatory reporting and reporting under the Crimes Act 1958 (Vic.)
• reporting any child safety concerns to the school’s leadership or child safety officer; Mrs. Ann Maree Judd.
• if an allegation of child abuse is made, ensuring as quickly as possible that the child(ren) are safe.

Unacceptable behaviours
All staff, volunteers, contractors, clergy and board/school council members must not:
• ignore or disregard any suspected or disclosed child abuse
• develop any ‘special’ relationships with children that could be seen as favouritism (for example, the offering of gifts or special treatment for specific children)
• exhibit behaviours with children which may be construed as unnecessarily physical (for example, inappropriate sitting on laps)
• put children at risk of abuse (for example, by locking doors)
• initiate unnecessary physical contact with children or do things of a personal nature that a child can do for themselves, such as toileting or changing clothes
• engage in open discussions of a mature or adult nature in the presence of children (for example, personal social activities)
• use inappropriate language in the presence of children
• express personal views on cultures, race or sexuality in the presence of children
• discriminate against any child, because of age, gender, race, culture, vulnerability, sexuality, ethnicity or disability
• have contact with a child or their family outside of school without the school’s leadership or child safety officer’s knowledge and/or consent or the school governing authority’s approval (for example, unauthorised after-hours tutoring, private instrumental/other lessons). It is our reality that many staff are personal friends with families in our school and is wholly appropriate to socialize with these families as part of a normal social life. Staff members in these situations should, however, keep in mind the trusted role they enjoy within the community.
• have any online contact with a child (including by social media, email, instant messaging etc.) or their family unless necessary (e.g. by providing families with enewsletters or assisting students with their school work)
• use any personal communication channels/device such as a personal email account to contact students unless sanctioned by the school leadership
• exchange personal contact details such as phone number, social networking sites or email addresses with students unless sanctioned by the school leaderships knowledge
• photograph or video a child without the consent of the parent or guardians
• work with children while under the influence of alcohol or illegal drugs
• consume alcohol or drugs at school or at school events in the presence of children. (exceptions: alcohol can be responsibly consumed at our opening year BBQ, grade 6 graduation, Carols night and any other event sanctioned by the School Advisory Council)
